

Dear Kreative Kidz,

I couldn't believe it when Ms. Norma and Ms. Bobbie told me about "Bugs for Bruce" and what you are doing to help me. When I got sick and couldn't take care of myself they took me in at the center and made me all better. I was still worried as to what would happen to me because they already had a lot of animals to take care of at the center. I didn't know if they could afford to take one more. With your help and support I know I will have everything I need! You folks are absolutely the very best bat people ever! I hope each one of you can plan a trip to the Nature Center to visit me!

Thanks again for all you are doing to support me and the Nature Center and its work.

Sincerely,

*Bruce*
