Kreative Kids  
P.O. Box 176  
Union City, GA 30291

Dear Kreative Kids,

Well, you kids just continue to amaze me! I can't even start to tell you how much your support means to me....and Jingle and Brownie. It sure is comforting knowing Ms. Norma will always have bugs for us. And it's all because of you and your generosity.

Jingle is about as big as Brownie now. He doesn't eat quite as much as I do so he is a little slimmer than I am. At least that is what Ms. Norma says. (I don't know why she thinks I am so plump!) I really do like having Jingle around though. It's lots of fun "hanging" out with him and Brownie.

I hope everyone is studying really hard and learning everything they can. We need smart, responsible kids like you involved with protecting our environment. I hope when one of becomes President that protecting the environment and wildlife will be still be very important to you.

Check out this website and learn all about how I catch my food!

Thanks again for being the best adopting parents ever! Hope to see you soon!

Love y'all,  
*Bruce*
