

Dear Kreative Kids,

You guys are absolutely the very best friends ever! Because of you I get a nice big serving of meal worms every day! You should come see how plump I am now!

I even have a safe place to “hang out” at night and a nice, warm place to sleep during the day. My house and water bowl also get cleaned good every day. I am so thankful you adopted me so I could stay here at Cochran Mill Nature Center. Check out my house below! Isn't it great?

I sure hope some of you can come by to see me soon. Thanks again for being so good to me!

Love y'all,

*Bruce*
