Mid-Summer Report...

On behalf of the Kreative Kidz staff I would like to commend all our participants on their behavior and enthusiasm shown during the first half of summer camp.

Our first few weeks focused on how to be a part of a TEAM. The teams worked on team challenges, logic building skills, "HoopLa", "Bucket Balance". Additional team challenges will include "Spider Web", Water Tug-A-War, and "Mine Fields".

We also challenged our participants with "new grade level prep" introducing a variety of science and math concepts, financial concepts and brain-balance puzzles along with creative writing and lower level grade teaching. Participants will be introduced to game and application design and coding via Tynker and Kodable.com and are refining their science and math skills during "The Magical Professor" workshops on Wednesdays.

We visited XL World Sports for our Kickball League and team challenges at Wilkerson Mill Park. On movie day we went to Fayetteville to watch "The Smurfs: The Lost Village". We'll be going to Carl Miller Park to cool off in the fountains and we'll go swimming at Peachtree City Aquatic Center. In the next few weeks we will be working robots and drones, playing Dodgeball at XL World Sports, more team challenges, and celebrating the end of summer camp with an "awards" day.

Our STEM Camp participants have embarked on adventures to the Apex Museum and MLK Center of Non-Violence to take in a little history, the Atlanta Motor Speedway to learn about aerodynamics and engineering, visited a Wetlands in Clayton County to learn about ecosystems. They also visited the Palmetto Library to learn about Newton's Laws of Motion via discussions and practical simulations.

Moving forward, STEM Camp participants will take a "Mission to Mars" where each student will be fully engaged either on Earth or Mars with a variety of tasks, responsibilities and specific job titles and functions. They will also take on the challenge of "urban planning" via the Atlanta Street Car. We will swim and play additional team sports and games in the next few weeks.

Amidst all the adventures we've sprinkled in some great learning concepts and ideas where our participants took on challenges to learn and grow and prepare them for their new school year. We hope all will come away from summer camp "enriched", "educated", "empowered", and "encouraged"!

There are many more fun-filled activities to enjoy so keep up the "GOOD WORK"!

Please check out our Photo Gallery on our website to see what we've been doing so far this summer.

Christopher Slaughter

“M. Childs” Award

For the month of July 2018, we have a very special participant who exhibits good behavior and displays a positive attitude along with excellent academic performance.

Christopher Slaughter is 9 years old and will be going to the 4th grade. Christopher likes to colors blue, black, red, and silver. He likes to watch Sponge Bob and Teen Titans and his favorite movie is Flash. Christopher likes “riding around” , watching Netflixs, and going to the park. He likes to listen to Chris Brown and Christopher wants to be a truck driver just like his daddy when he grows up. His role model is his uncle Mann. The best things about Kreative Kidz that Christopher likes is the staff and field trips..

Congratulations! Each “Kid” of the Month will receive a \$5 gift card from Chick-Fil-A.
