Challenging Kids To Make Something...

Kreative Kidz youth enrichment programs offer many benefits which are geared towards "Enriching", "Educating", "Empowering", and "Encouraging" our children and young adults to learn, create, and grow academically, physically, and socially.

After School Enrichment Program

This program offers homework assistance & study lab, computer lab/workshops (research and self-tutoring), Interactive Internet tools to assist with Math, English-Language Arts, and Spelling, subject specific activities, recreation activities, and daily snacks. Transportation from the following schools is provided.

Schools Served:

Campbell	Oakley	Feldwood
Renaissance	E.C. West	C.H. Gullatt
Liberty Point	S.L. Lewis	Wolf Creek
The Main Street Academy**		
Chattahoochee Hills Charter**		

Summer Enrichment Programs

Base Summer Camp: Participants are prepared for the new school year and provided with enrichment and recreation activities, and "The Magical Professor" science and math workshops. Age grade group: PK, K, 1st, 2nd

S.T.E.M. Summer Camp: Participants engage in an enhanced level of science, technology, engineering, and mathematics. Interactive, hands-on experiences will include robotics, engineering challenges, aerodynamics, digital animation, and architecture along with mathematic challenges which will assist in propelling the participant into the 21st century. Some requirements apply. Age grade groups: 3rd-5th & 6th-9th

All participants receive camp t-shirts and bags and are provided with enrichment and recreation activities, field trips, arts and crafts, life, social and team building skills, and daily snacks.
